**DeMattei, John Aldo**

Born Sept. 1, 1941, I received a B.S. degree in chemistry from the University of Illinois. In addition to the research I did in an undergraduate laboratory, I worked in the laboratory of Dr. Chris Broka. My research was in synthetic organic chemistry.

My initial interest in chemistry at the U. of IL and I began my graduate work in 1963.

I am single at present and enjoy especially water sports.

**Desposato, Frank E.**

I was born Sept. 1, 1924, and grew up in a small town where land farming was the main occupation. I received a B.S. in Chem. Engineering from the University of Illinois. I started my career working for the Atomic Energy Project. I served a stint in the Army, from 1956 to 1958 at their request. I came to work for TU in 1958 and have been here until the present time. I served a service year at Upjohn.

Betty and I were married in 1951. We have three children who are all now adults. So far. Outside interests include golf. I am also a charter member of the TU Golf Club.

**Livingston, Douglas A.**

I was born December 1928. My father was serving in the Navy in Seattle, I spent my youth in various creative uses for community service. I was greatly upset our neighborhood with the YMCA, eventually I went to day camp, where I met my future wife. After attending the University of Michigan, we were married, then immediately moved to Stork at Columbia University where I divided my time between teaching and research. Prof. Albert Eschenmose (now at Kalamazoo September, 1950) was born June 2, 1928. I have been in motion since. We live in a woodlot, where my hobby is making kites as sculptural forms. I am in relation to the practice of being very active individuals.

**Maloney, Mark T.**

Mark joined the Chemical Engineering group of OU 1500 in June 1950. He was in Chemical Engineering at the University of Urbana, and then worked as a design engineer for about a year. He then went to graduate school at U. of Michigan in Chemical Engineering, where he worked with the production of polysaccharides.

Mark, who is originally from Kalamazoo, resides in Kalamazoo with his family. His interests include tennis and golf.

**Martin, Michael G.**

I was born in  
moved to Kalamazoo  
U. and Kalamazoo V.  
with an Associate  
TUC in Sept. 1968

I am married  
13 & 24. The oldest

Married with thr  
Hobbies include fish

Northuis, Jill M.

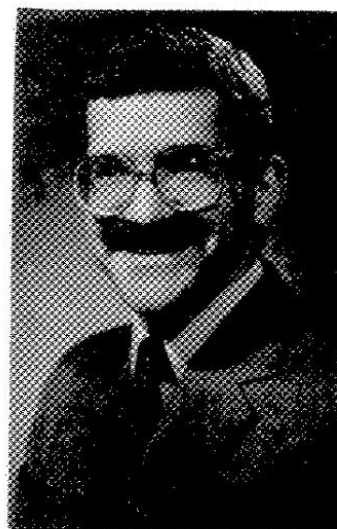

Although I was born in Port Huron, Mich., I spent most of my childhood in Hope College where I graduated in 1989. The following year, I moved to Bloomington, IN where I received my M.A. in TUC on Sept. 16,

My husband, Mark, and I have spent much of our free time living in West Michigan and participating in events, in particular, for antique furniture.

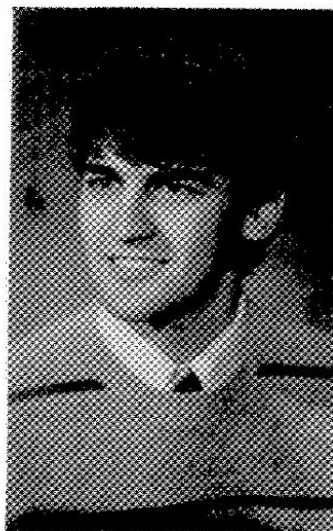

**Padilla, A. Greg**

I was born in 1955. In 1955 my family moved to the Virgin Islands for high school, graduating from the Virgin Islands for State and receiving a degree in Chemistry. I joined in 1983. On September 1st, 1983. My favorite pastime is

**Pearlman, Bruce A.**

Bruce (Feb. 1, 1947) received his high school education (diploma 1967) and his B.S. from Harvard College (A.B. 1969). In the lab of Prof. R. B. Woodward, during which time he developed a method for the synthesis of retene. For this work, Col. Woodward received the Nobel Prize in 1967. He spent the next two years in Postdoctoral Research at Harvard U. During this time he worked on the synthesis of aklavinone (an anti-tumor agent). Bruce has worked as a research scientist and golf.

**Perrault, William R.**

I was born in Biddeford, Maine in Cambridge (upstate), then moved to Massachusetts. I graduated from high school and joined the Army Reserves to help pay for my training in Fort Dix, NJ. I joined TUC in May 1987. I joined TUC in June 1987.

I met my wife, Robin, and we were married in 1985. In 1986, I enjoy being with my family, reading comic books and traveling.

**Putt, Sterling R. (Randy)**

Born May 20, 1948 in Michigan, I have eleven children. Graduated in 1966 where I developed my interests. I pursued Indiana U Purdue and was awarded a BS in Chemistry. My interest in chemistry led me to Ann Arbor in the Chemistry Dept. at the University of Michigan. My education was interrupted in Jan. 1972 when my talents in chemistry were put to use in my expertise in map-making for the military. I was rapidly rising through the ranks and returned to MI. in 1972 and returned to MI. I decided to leave school in 1974 to pursue a career at the Davis/Warner-Lambert in Ann Arbor. I joined Upjohn in Oct. 1979 in Chem. and have been happily here ever since.

I married Jennifer A. Putt and have four children. I am a leader, softball coach and involved in all of their appointed activities: basketball, softball, volleyball, biking, walking, gardening.

Walker, Bradford H.

Watson, Robert D.

I was born April  
When I was three years  
I graduated from Port  
Kalamazoo Valley Comm  
at TUC December 14,

I have been married  
three children: Amy,  
going) and Daniel, 3  
named Zeus which I ha  
aforementioned.

I have many hobbies  
softball, billiards,  
nachos at unsusp  
gardening (my most su  
over 4 feet).

**Weischedel, Kay**

I was born in Schenectady City and Syracuse NY. I received a scholarship as a physics major and spent 6 months working for Edgewood Bros. in Edgewater, NJ. In 1976, I worked for a chemical company for 2 years. Other than being a professional musician, I have worked in service and newspaper music.

I went to graduate school in 1978 in chemical engineering and graduated thirteen months later. In 1979.

I have a 6 year old son. I frequently have teenage students. My hobbies include the recorder, flute, oboe, and other woodwinds. Outside interests include playing in an instrumental ensemble and reading science fiction novels.

**Wiglesworth, Charlene K.**

I was born June 25, 1958, graduated from the U. of T. in June, 1980, and worked at TUC in June, 1980.

I am married and have a daughter, Beth, who was born in March, 1981.

My hobbies include reading, gardening, and tropical fish.
